Instructor Comments

Describe the one best thing about the recitation section or the instructor that was effective in helping you learn. If you could suggest one thing to improve the section, what would it be?

- he is super nice and very accessible
- I think group work was very productive and made us think critically.
- He took time to answer and explain the concepts and he was open to listening to any answer.
- Aaron's real world examples and example-based discussions helped me understand the material well and helped me remember it better.
- Aaron was very helpful and engaging. If we did not do a reading, Aaron did a good job on helping us understand the contents. My only suggestion would be to give more constructive feedback on tests and essays.
- I like his attitude because he is always open to questions and still has the students engage in every discussion. One other thing about him is that he knows what he is talking about, and I think that is one area the students appreciate the most.

To have someone in front of the class and demonstrate the adequate knowledge of what they are teaching. Mr Zhou is so coherent and efficient

- The instructor helped me review the topics. ??
- The instructor was great at facilitating conversations about the lecture/reading material. He was very knowledgeable but also kind and patient. No suggestions for improvement.
- Very well structured in having discussions in each class.
- The only thing I would improve is the idea of having more in class discussions surrounding the material we learn in class.
- Aaron is passionate and helpful!
